engineering@minnetonkamn.gov

The City of Minnetonka is preparing for the 2023 Mill & Overlay Project, which includes Yellow Circle Drive, Blue Circle Drive, Bren Road East & West, Opus Parkway, and Green Oak Drive. **See reverse side for map of the project area.**

The project includes pavement improvements, damaged curb and gutter and sidewalk replacement, utility casting replacement, drainage improvements, and pedestrian ramp improvements.

TRAFFIC IMPACTS

During construction, there will be additional traffic control in the project area, which may require temporary periods of lane shifts, flagging, and detours. Residential and business access will be maintained.

Please follow construction signs, watch for traffic pattern changes and drive carefully through construction areas.

WILL I BE ASSESSED?

No. The City of Minnetonka does not specially assess for these improvements. They are funded through the city's Street Improvement Fund.

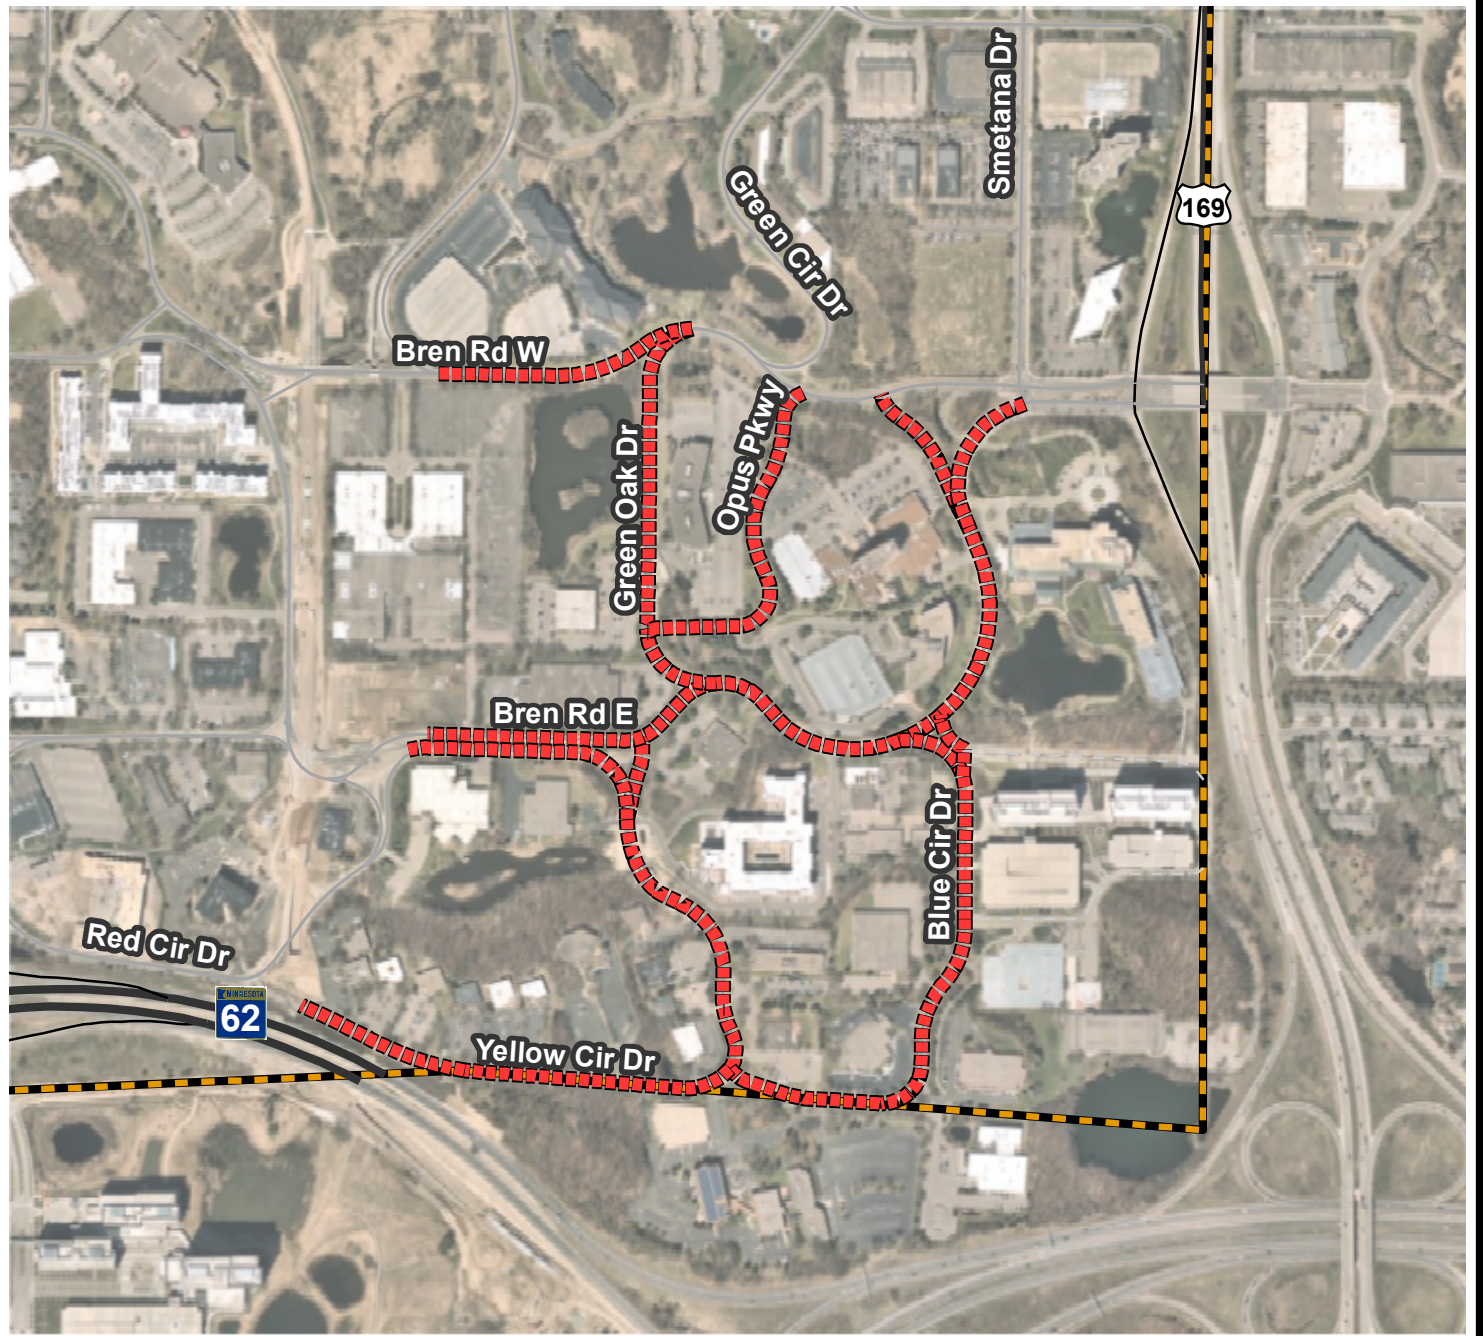

PROJECT SCHEDULE

Construction will occur in multiple phases and is expected to begin in **July** and be completed in **October**.

Detailed information regarding construction phases and schedule updates will be communicated via the project website and email/text updates. Please subscribe for updates to stay informed. Schedules are weather-dependent and subject to change.

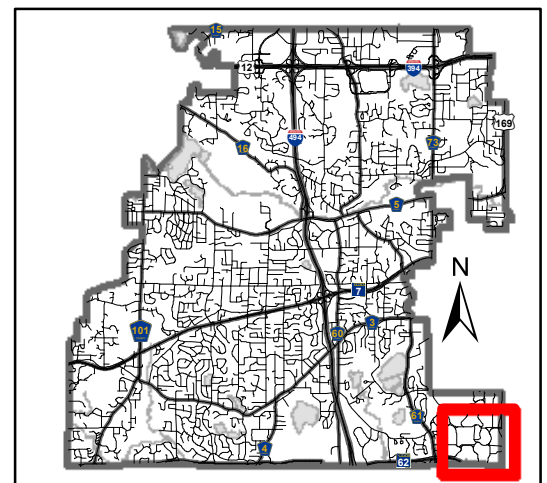

MORE INFORMATION

- Visit minnetonkamn.gov/millandoverlay23 for more information and to sign up to receive construction updates via email or text.
- Text "**MTKA MO2023**" to 468-311 to subscribe to text updates.
- Contact our staff to learn more or ask questions.
