

List of Tree Care and Removal Companies

Last updated April 18,2024

Contractors on this list meet two key criteria you should look for:

- They can provide proof of insurance.
- They are on the 2024 Minnesota Department of Agriculture tree care registry (required for all companies that do tree removal or pruning).

Inclusion on this list does not guarantee the contractor's quality of work or their availability to meet your deadline. The City of Minnetonka will not assume responsibility for any disputes or damages arising from your selection.

If these contractors are not able to meet your deadline, look for others:

- The Minnesota Society of Arboriculture offers a complete searchable list of certified arborists at msa-live.org.
- The Minnesota Dept. of Agriculture maintains a list of all companies that perform tree care. You can search that list at <http://www2.mda.state.mn.us/webapp/lis/default.jsp>.

TIPS FOR HIRING A TREE CARE PROFESSIONAL

- ❖ **Don't wait to hire a contractor.** Tree care companies are very busy. Delaying may make it impossible for you to meet the removal deadline (indicated on your notice).
- ❖ **Get several quotes.** Many factors influence the cost of tree removal, so it's worth your time to obtain multiple estimates.
- ❖ **Beware individuals who go door-to-door offering bargains for tree work.** Most reputable companies are too busy to seek work this way. The City of Minnetonka also requires a permit for soliciting door-to-door.
- ❖ **Show contractors your notices from the city,** which indicate your tree removal deadline and all steps required for compliance with the tree ordinance.
- ❖ **Never pay in advance.**
- ❖ **You are responsible for ensuring the work is complete. Check the contractor's work before paying.** Make sure the contractor completes all the steps required for your compliance with the tree ordinance.
