

Registered Predatory Offender

323.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Minnetonka Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered offenders.

323.2 POLICY

It is the policy of the Minnetonka Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose. This department will provide as much information as may be authorized by law to other law enforcement agencies, persons, entities and the public consistent with the requirements of public safety and the rights of the offender.

323.3 DEFINITIONS

Predatory Offender Registration and Community Notification - Minnesota law that requires certain predatory offenders to register with the Minnesota Department of Public Safety Predatory Offender Unit. The law also provides for community notification about certain adult predatory offenders who have been incarcerated by the Minnesota Department of Corrections (DOC) or confined by the Minnesota Department of Human Services (DHS).

Offender Risk Levels - the level of notification is governed by the level of risk assigned by the DOC. Three possible risk levels can be assigned to an offender. They are:

- (a) Level 1 - low risk of re-offending.
- (b) Level 2 - moderate risk of re-offending
- (c) Level 3 - high risk of re-offending

Some offenders who are required to register as predatory offenders are not assigned a risk level because their sentence was completed prior to predatory offender legislation or because they have not spent time in state or federal prison. These offenders are not subject to community notification.

323.4 REGISTRATION

The Detective Unit supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the Bureau of Criminal Apprehension (BCA) in accordance with Minn. Stat. § 243.166 within three days of the registration. Registration and updated information from

a person who lacks a primary residence shall be forwarded within two business days. Updated primary address information from any registered predatory offender shall also be forwarded within two business days (Minn. Stat. § 243.166).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

323.4.1 NOTIFICATION TO REGISTRANTS

The registration process established by the Detective Unit supervisor should include procedures for determining whether an individual requires notification of his/her requirement to register because the individual was not otherwise notified of the requirement by the sentencing court or assigned a corrections agent (Minn. Stat. § 243.166).

323.4.2 REGISTRATION PROCESS

When an offender arrives to register with this department, the assigned investigator should:

- (a) Determine in what state the offense was committed.
- (b) Confirm the individual is required to register by reviewing the list of Minnesota offenses on the BCA's Predatory Offender Registration website or in the BCA Predatory Offender Registration (POR) Manual that is available on the BCA's secure website.
- (c) If a person is required to register, search the BCA's secure website to verify whether the offender is already registered and a DNA sample has been submitted.
- (d) If the offender is already registered, complete a Change of Information Form (available on the BCA's secure website).
- (e) If the offender is not registered, complete a POR Form (available at BCA's secure website).
- (f) If the offender is from another state, contact the state (information for each state is listed on the BCA's website) and request a copy of the offender's original registration form, criminal complaint and sentencing documents.
 1. Documents obtained should be submitted to the BCA with a registration form.
 2. The BCA will determine if registration is required and inform the department and the offender.

Additional information regarding offender registration is available in the POR Manual or by contacting the Predatory Offender Unit by phone or through the BCA secure website.

323.4.3 GUIDELINES AND FORMS

The registration process shall be in accordance with Minn. Stat. § 243.166 and follow the guidelines implemented by the BCA. Forms used in the registration process are available from the secure website operated by the BCA.

323.5 MONITORING OF REGISTERED OFFENDERS

The Detective Unit supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence.
- (b) Review of information on the BCA secure website or the Department of Corrections Offender Information (DOC) website.

Criminal charges should be considered for any discrepancies in the offender's reported address or living conditions. If discrepancies are noted, the BCA-POR Unit should be contacted to determine if a *Change of Information* form was submitted by the offender. If criminal charges are warranted, a prosecution packet should be requested from the BCA-POR Unit to be submitted to the county attorney, along with police reports, for charging consideration.

The Detective Unit supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Minnetonka Police Department personnel who have a need to know, including timely updates regarding new or relocated registrants.

323.6 DISSEMINATION OF PUBLIC INFORMATION

Members will not make a public notification advising the community of a particular registrant's presence in the community without permission from the Chief of Police. Members who believe notification is appropriate should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police based on statutory requirements, with the assistance of legal counsel as necessary, whether such a public alert should be made.

The Records Supervisor shall release local registered offender information to residents in accordance with state law (Minn. Stat. § 244.052; Minn. Stat. § 243.166, Subd. 7; Minn. Stat. § 13.01 et seq.) and in compliance with a Minnesota Government Data Practices Act request.

323.6.1 MANDATORY DISSEMINATION

The Department shall provide and release predatory offender data, or updated data, obtained from the DOC based upon the offender's status of a Level 1, 2, or 3.

The Department shall continue to disclose data on an offender as required by law for as long as the offender is required to register under Minn. Stat. § 243.166.

Disclosure to the health care facility, home care provider, or hospice provider of the status of any registered predatory offender under Minn. Stat. § 243.166 who is receiving care shall be made by this department (Minn. Stat. § 244.052, Subd. 4c).

The Department shall provide an offender's change of status to the entities and individuals who were initially notified if the Department becomes aware that the area where notification was made is no longer where the offender resides, is employed, or is regularly found (Minn. Stat. § 244.052, Subd. 4).

- (a) If this department learns that a person under its jurisdiction is subject to registration and desires consultation on whether the person is eligible for notification, the Department must contact the DOC. The DOC will review the governing law of the other state and, if comparable to Minnesota requirements, inform this department whether to proceed with community notification in accordance with the level assigned by the other state.
- (b) If the DOC determines that the governing law in the other state is not comparable, community notification by this department may be made consistent with that authorized for risk Level 2.
- (c) If this department believes that a risk level assessment is needed, the Department may request an end-of-confinement review. The Department shall provide to the DOC the necessary documents required to assess a person for a risk level.

323.6.6 VICTIM NOTIFICATION

If a predatory offender resides, expects to reside, is employed or is regularly found in this jurisdiction, the Department shall provide victims who have requested notification with data that is relevant and necessary to protect the victim. 323.6.7 HOMELESS NOTIFICATION PROCESS

If public notice (Level 2 or 3) is required on a registered homeless offender, that notice should be as specific as possible.
