

PROJECT INSTRUCTIONS

Shower-Pan Installations

The permit review timeline is dependent on several factors, including the number of permits under review at any given time and the completeness of those permit applications. To ensure your application is complete, **please note:**

All shower-pan installations shall be installed as per the most current [Minnesota State Plumbing Code](#) 4714. Refer to paragraph 408.7. For use of Alternative Materials and Methods, refer to Chapter 3: 301.3 of the current MN Plumbing Code for guidance.

Any questions or concerns please contact: Inspections and Permits - 952-939-8394
