Subject: Duke's on & Site Visit, Thank you (& Support)!

Hi Luke, I can't believe this week escaped me so quickly. I wanted to send a short thank you for replying so quickly to my initial email after the planning committee meeting where the project was moved forward. Also, thank you for your time to meet Byoung and I on Monday 3/15

at the site of Duke's. We appreciate the site visit and dialogue to talk about the potential sound and light pollution extending into the north neighborhood. You addressed our concerns confidently. Your genuine desire to be a partner in our community was quickly apparent.

I will likely be listening to the Council meeting tomorrow night, but have not signed up to comment. Speaking for our family and from the house directly to your north, we look forward to being frequent patrons and wholeheartedly welcome you to the neighborhood.

Kind regards, Molly & Eric
