

# Agenda Minnetonka Diversity, Equity & Inclusion Task Force Meeting Tuesday, June 29, 2021 6:30 p.m. Minnetonka Community Center – Dining Room

- 1. Roll call
- 2. Acceptance of minutes from June 15, 2021 task force meeting
- 3. City DE&I efforts
- 4. Community DE&I efforts
- 5. Community engagement/feedback
- 6. Next meeting: Tuesday, July 27 at 6:30 p.m., Minnetonka Community Center
- 7. Adjournment

#### **DE&I Task Force Ground Rules**

- ❖ Be courageous, direct, authentic and honest.
- Come open to learn, listen to understand, and assume positive intent.
- ❖ Think big while centering marginalized voices and move towards solutions.
- ❖ Include everyone who wishes to speak and do so in a timely manner.
- Check pre-conceived notions and discomfort of not knowing all the answers at the door.
- ❖ Honor lived experiences, and acknowledge privileges and biases.
- Allow space for disagreement, while relating to each other with kindness and mutual respect.

# Diversity, Equity & Inclusion Task Force Item #2 Meeting of June 29, 2021

**Brief Description:** Minutes of June 15, 2021

Attached are the June 15, 2021 Minnetonka Diversity, Equity and Inclusion Task Force minutes for review and acceptance by the task force.

# Minutes City of Minnetonka DE&I Task Force Meeting Tuesday, June 15, 2021

Members Present: Brad Wiersum, Kissy Coakley, Rickey Brown, Mary Pat Blake, Dario

Chavez, Mary Pat Noonan, Rabbi David Locketz, Karyn Sciortino Johnson, Todd Schoolman, Mona Yusuf, Sandy Johnson, Dr. Tyronne

Carter.

**Staff:** Geralyn Barone, Scott Boerboom, Scott Marks, Hanna Zinn

#### 1. Roll call - introduction of task force members

Mayor Brad Wiersum called the meeting to order at 6:40 p.m. and task force members introduced themselves.

# 2. Acceptance of minutes from May 11, 2021 task force meeting

Wiersum asked for any comments or changes to the minutes. Seeing none, the minutes from the May 11, 2021 task force meeting were approved.

# 3. Finalize task force ground rules

Wiersum read the draft ground rules as discussed at the first task force meeting and asked feedback. Following group discussion, the task force amended its ground rules to read as follows:

- Be courageous, direct, authentic and honest
- Come open to learn, listen to understand, and assume positive intent
- Think big while centering marginalized voices and move towards solutions
- Include everyone who wishes to speak and do so in a timely manner
- Check pre-conceived notions and discomfort of not knowing all the answers at the door
- Honor lived experiences, and acknowledge privileges and biases
- Allow space for disagreement, while relating to each other with kindness and mutual respect

# 4. Defining diversity, equity and inclusion

This item was postponed for future discussion.

# 5. City and police department overview

Barone introduced the city and police department overview to give a brief summary of how the city operates. She noted the intent of the presentations are to provide an understanding of the scope of what the city does.

Barone gave a short summary overview of the city as a whole including population and the median home value. This presentation also included community demographics, center of commerce, school districts (both public and private), natural environment of the city, and how the city is governed and was established. Barone also detailed how the city council functions, how boards and commissions are formed and appointed, and what different departments within the city's internal

# Minutes City of Minnetonka DE&I Task Force Meeting Tuesday, June 15, 2021

structure do. She also highlighted the current initiatives within the city, specifically touching on the Opus and Ridgedale development areas.

Chief Boerboom discussed how the Minnetonka police department's culture is what differentiates the city's efforts with DE&I from larger communities in the area. The Chief discussed the various divisions within the city's police department and how these divisions function within the city and with the community. He also explained the city's hiring processes and the depths of investigation the department does to determine if a potential candidate would be a good fit for the city.

Officer Marks gave an update on mental health calls and how the city handles these calls. The city has seen a 130% increase in these calls over the last 5 years, so this is a growing area of concern for managing these issues.

- 6. City DE&I efforts tabled to next meeting
- 7. Community DE&I efforts tabled to next meeting
- 8. Community engagement/feedback

Barone noted this topic is the main focus of this task force and of great interest for city staff and city council. In order to dutifully address this topic, another meeting date was proposed. Members agreed to another meeting for this topic.

- 9. Next meeting: Tuesday, June 29 at 6:30 p.m., Minnetonka Community Center
- 10. Adjournment

Weirsum and Barone shared closing remarks and thanked members for their time. The meeting was adjourned at 9:13 p.m.

Respectfully submitted,

Hanna Zinn
Interim Assistant to the City Manager

# Diversity, Equity & Inclusion Task Force Item #3 Meeting of June 29, 2021

**Brief Description:** City DE&I efforts

# Background

The City of Minnetonka has been involved in a variety of diversity, equity and inclusion efforts for a number of years. Last summer and fall, the Minnetonka City Council had extensive discussions regarding these efforts, resulting in the addition of a strategic priority on community inclusiveness in the city's updated strategic profile. Based on that council support, city efforts have intensified, both internally within the city organization and externally to the community. Following is a summary of a number of these and some previous efforts.

# **Internal Efforts**

# Previous efforts

In 2017, city staff established an internal diversity and inclusion (D&I) committee to assist in identifying organizational obstacles to city employment and services and develop an implementation plan to reduce or remove those obstacles. The initial purpose was to help in retaining a positive workplace culture while unprecedented turnover occurred in the organization. The group was initially formed to help identify what the current workplace culture was, what had been lost and gained, and what was needed to do to ensure employees felt welcomed and included.

Beginning in 2018, with the support of the city council, city of Minnetonka staff began participation in the yearlong Government Alliance on Race and Equity (GARE) introductory cohort learning program. GARE is a national network of government personnel working to achieve racial equity and advance opportunities for all. A goal for participation in the GARE program was to assist the staff D&I committee with one band of the inclusion spectrum, race and equity, by helping build capacity to analyze policies, practices and procedures.

As part of the cohort tasks, staff collected demographic information, created a racial equity narrative and learned the use of a racial equity toolkit for the evaluation of policies and procedures from a race and equity standpoint. Throughout the course of the cohort work, staff began the process of creating a racial equity statement and racial equity plan.

# Core Planning Team (CPT)

During the summer of 2020, an internal CPT began meeting weekly to discuss enhancing the city's DE&I efforts. The team consists of the city manager, assistant city manager, police chief, community engagement police officer, human resources manager, communications manager, assistant to the city manager, administrative intern and contractual facilitator of the Internal Diversity Committee (see below). The group now meets biweekly to oversee and guide both internal and external DE&I efforts.

#### Internal Diversity Committee (IDC)

Staff leadership, managers, and employees have had various touchpoints with diversity, equity, and inclusion efforts over the past year. These have come in many forms, through communications, committees, and organization-wide participation in a culture assessment.

There has been a multitude of engagement that has illustrated the city has an activated and energized workforce that is committed to advancing equity within the organization.

This all stemmed from the intentional effort of creating the Internal Diversity Committee last summer, consisting of 25 employees who meet monthly and represent all city departments: Administrative Services, Community Development, Legal, Finance, Fire, Police, Public Works, and Recreation Services.

These employees have courageously taken on efforts to serve as ambassadors for current and future DE&I activities. The purpose of the committee is to actively listen, learn, and engage with one another to embed DE&I values throughout the organization. Through this introspective approach, employees are enabled to engage with one another in the development of their intercultural competencies and hold themselves and others accountable for creating a path towards inclusivity.

Facilitated by Halston Sleets and her team at Root'D Relations, the IDC meetings have focused on the following:

- Grounding in definitions through the development of shared language regarding diversity, equity, and inclusion
- Examining power and privilege and movement towards action
- Understanding and disrupting patterns of implicit bias

Employees indicated that this work requires more time to create the culture shifts necessary to make this work sustainable, which led to the creation of subcommittees. These subcommittees have a consistent rhythm of connecting and collaborating to embed these DE&I principles into city operations. This has been performed by:

- Facilitating the city's development of an equity toolkit that will analyze city projects, programs, policy review, and initiatives through a critical lens.
- Establishing a foundation and common language to connect our DE&I efforts across the organization.
- Identification of employee trainings and activities that are DE&I centered in order to build the skills necessary to foster self-discovery, build inter-cultural capacity and enable informed advancement of racial equity.

# **DE&I Coordinator**

The city's contract with Root'D Relations will be phasing out with the addition of a new in-house Diversity, Equity & Inclusion Coordinator. The recruitment process is continuing. Members from the DE&I Task Force, Karyn Sciortino Johnson and Sandy Johnson, participated in semifinalist interviews.

#### Resource library

City staff is in the process of compiling an extensive electronic resource library that will be available to all city employees through the city's intranet and potentially to the community at large via the city's website. The intent is to offer a wide range of resources to educate employees, stimulate conversations, and activate employees to positive action.

The library includes a variety of information mediums (e.g., articles, books, audiobooks, Ted Talks, movies, podcasts, websites) on topics such as race, gender, sexual identity, disability, religion, and mental health. Once completed, the resource library can be made available to the task force members.

# Boards and commissions recruitment

There are five advisory boards to the city council comprised of Minnetonka residents who serve in a volunteer capacity: Planning Commission, Economic Development Advisory Commission, Park Board, Senior Citizen Advisory Board, and Sustainability Commission. Annually, new members are recruited, some are interviewed by the city council, and a few are appointed by the mayor with city council approval to fill any vacancies.

A key strategy in the city's strategic profile updated in 2020 is to "Foster an inclusive boards and commissions recruitment process to increase diversity". Under city council guidance, staff updated the online application and significantly expanded outreach in promoting vacancies. A total of 129 applications were received for the various groups. Twelve percent of the applicant pool identified as non-white or BIPOC (Black, Indigenous, people of color). Following interviews and appointments, new membership on the city's advisory boards and commissions has made positive strides toward increased diversity.

#### **External Efforts**

# Police Community Engagement Outreach

In 2017, the position of community engagement officer within the police department was created. Officer Scott Marks leads outreach efforts with the support of fellow officers to increase engagement externally in the community by a variety of methods. One of the most notable was the establishment of the faith leaders' consortium, inviting leaders of each local place of worship to join together for an ongoing dialogue. The police department, acting as a catalyst to the effort, has now created a network that is self-sustaining within the community. The group holds regular meetings to address topics of common concern and importance and has been active in hosting several community events over the past year.

On other fronts, Officer Marks has engaged with management staff of several multi-family apartments with underrepresented populations to initiate conversations on improving connections with the city. He has done extensive work in the area of mental health, partnering with the Hennepin County social worker who is embedded in the police department and serving on the board of Relate Counseling. Officer Marks also serves on the Minnetonka Family Collaborative board, and Police Captain Andy Gardner serves on the board of Sojourner Project.

Over the past five years, Police Chief Scott Boerboom has regularly engaged with residents representing the BIPOC community through a law enforcement/BIPOC community coffee group and a Black men's group. He has participated as a panelist in a number of community forums, some sponsored by the Hopkins Race & Equity Initiative (HREI) and others as an outgrowth of the coffee and faith leaders groups called "We are Better Together". He and other police personnel have attended community vigils and other events hosted by local faith leaders.

# Just Deeds

The City of Golden Valley's Human Rights Commission launched the <u>Just Deeds</u> project in July 2020, which is now expanding to interested cities. Residents in participating cities are able to

contact the city to find out whether a racially restrictive covenant appears in the historic title records for their properties. The city serves as a coordinator, putting the resident in touch with volunteer attorneys who verify whether there is any historic covenant. If there is a covenant, the volunteer attorney prepares an instrument to discharge the covenant from the title.

Although racially discriminatory covenants have not been enforceable for decades, legislation enacted in 2019 allows property owners to remove these covenants from their property. The city council took action on Feb. 22, 2021 to join the Just Deeds project, making that project available to Minnetonka residents.

The city's website page for Just Deeds launched on April 5, allowing residents to contact the city if they are interested in discovering whether their property had a racially discriminatory covenant filed on it. Since then, 75 residents have contacted the city. Twelve of those properties are identified in the <a href="Mapping Prejudice">Mapping Prejudice</a> database as having racial covenants, and those have been referred to volunteer attorneys who will assist the owners in removing the covenants. The remaining properties are being referred to title companies, and those companies will research the histories of the properties to verify that there is no covenant.

The city attorney has located a total of six city-owned properties that have covenants, including Mayflower Park. Of the six properties, two (including the park) are abstract, and the city will be filing discharge documents on these. The other four are torrens, and the city attorney confirmed that the restriction no longer appears on the certificate of title for three of the four. She is doing further title research to determine if additional action is necessary on the fourth property.

# **DE&I Task Force**

Earlier this year, the city council agreed to the formation of a community-based Diversity, Equity & Inclusion Task Force comprised of community members from a variety of backgrounds who would serve in an advisory capacity to the city council. The task force has had two meetings to date. A page on the city's website has been dedicated to the <u>task force</u>.

Key objectives of the group are to:

- Share and explore existing DE&I efforts and activities already occurring in Minnetonka
- Gain an understanding of community views and expectations on DE&I using community survey results and the tools available through the community engagement platform
- Review best practices in other communities
- Identify potential community partners for DE&I activities to leverage resources (e.g., nonprofits, faith community, schools, businesses)
- Define DE&I vision and mission
- Identify short and long term goals
- Report recommendations to the city council

# Diversity, Equity & Inclusion Task Force Item #4 Meeting of June 29, 2021

**Brief Description:** Community DE&I efforts

# Background

In addition to city DE&I activities, there are a host of community-based groups independently involved in these efforts. In order to leverage resources, the city council has asked the DE&I Task Force to identify potential community partners that might be interested in collaborating with the city. Future discussions will focus on how that engagement might occur.

The following list is not all inclusive, and task force members will be asked to identify other potential partners.

#### **School Districts**

Minnetonka is served by three public school districts: <u>Hopkins</u>, <u>Minnetonka</u> and <u>Wayzata</u>, and a number of charter and private schools including <u>Eagle Ridge Academy</u> and <u>Lionsgate Academy</u>. <u>District 287</u> also has a presence in Minnetonka.

#### **Business Groups**

For many years, Minnetonka was served by the TwinWest Chamber of Commerce. Last year, TwinWest merged with the <u>Minneapolis Regional Chamber</u> and continues to serve the business community. Another business group serving the city is <u>Greater MSP</u>.

#### **Faith Community**

<u>St. Luke's Presbyterian Church</u> has offered a community dialogue series entitled <u>Dismantling Racism</u>. This has produced the <u>West Metro Dismantling Racism Network</u> that disseminates information on the topic.

<u>Minnetonka United Methodist Church</u> has established a Commission on Religion on Race Ministry, producing a covenant document.

<u>Grace Apostolic Church</u>, particularly Bishop David Johnson, has proactively engaged with the Minnetonka Police Department. In late May, the church hosted a "We are Better Together" event attended by community members, city councilors, and law enforcement personnel.

<u>Bet Shalom Congregation</u>, led by Rabbi David Locketz, sponsors a variety of <u>social action</u> <u>activities</u>, including fighting structural racism.

Pastor Satise Roddy of Oasis Church has organized community vigils over the past year.

#### **Nonprofits**

<u>ICA Food Shelf</u> has been a long-time partner of the city. During the pandemic, ICA administered a rental assistance program on behalf of the city.

Another group closely affiliated with the city is <u>Resource West</u>, which city staff often refer residents for support services.

The <u>YMCA's Equity Innovation Center of Excellence</u> provides a collaborative equity innovation model that works with diverse stakeholders across all sectors including arts and culture, corporate, faith-based, healthcare, law enforcement, nonprofit, education and social services. Although the center is location in Minneapolis, there are two YMCA locations in Minnetonka at Ridgedale and The Marsh.

# Other Groups

The <u>Hopkins Race & Equity Initiative</u> (HREI) is a collaborative effort between the City of Hopkins, its police department, the Hopkins School District and Gethsemane Lutheran Church. The group has often invited Minnetonka city officials and staff to participate in its activites.

The <u>Minnetonka Collective</u> is a grassroots group that focuses on increasing a sense of community and creating ways for folks who live, work and play in Minnetonka to connect and know each other in meaningful ways.

Minnetonka Coalition for Equitable Education (MCEE) is a citizens' advocacy group within the Minnetonka School District.

# Diversity, Equity & Inclusion Task Force Item #5 Meeting of June 29, 2021

**Brief Description:** Community engagement/feedback

As the DE&I Task Force moves toward developing a city DE&I vision, mission and goals, it will be important to hear from the community. At the June 29 task force meeting, the group will be asked to identify the logistics of engagement. Some examples are provided below, and the task force should discuss the merits of these and the addition of others.

# Who to engage

- Residents (homeowners and renters)
- Businesses and workforce
- Schools and students
- Shoppers, service users, faith congregations
- o Others?

# How to engage

- Minnetonka Matters e-platform
- Community conversations/circles
- Open house/forum
- Direct outreach
- o Other?

# Where to engage

- City events (Summer Festival, Farmer's Market)
- "Beehives" of existing activity (e.g, senior center, apartments, schools, places of worship, athletic fields/arenas)
- Scheduled events
- o Other?

#### Content of feedback desired

- Define what the task force wants to know
- Define what to ask

# Who can assist in engaging

- Task force members
- City staff
- Facilitators
- o Others?

# **Community Survey**

One set of data recently received are the results of the annual community survey commissioned by the city and administered by a professional survey firm. This year, respondents were asked a number of questions regarding inclusion. Attached are two documents – the complete survey results and a more refined document with the inclusion questions sorted by residential longevity, household type, age, ethnicity, gender, and geographic location (crosstabs).

Following are general highlights from the survey. Note that these results are but one piece of information for consideration by the task force at it develops recommendations to the city

council for short-term and long-term goals. Creating opportunities for other community engagement avenues will provide a more holistic picture for the task force to consider.

# Methodology

The survey results are based on a telephone survey of 400 randomly selected residents of the city of Minnetonka conducted by the Morris Leatherman Company. Survey responses were gathered by professional interviewers across the community between April 13 and May 6, 2021. The average interview took 32 minutes. The non-response level was 5%. All respondents interviewed in this survey were part of a randomly generated cellphone and landline sample of Minnetonka residents. In general, random samples such as this yield results projectable to their respective universe within +/-5% in 95 out of 100 cases.

# Residential Demographics

The typical adult Minnetonka resident lived in the city for 10.1 years. Twenty-six percent moved there during the past five years, while 25% resided there for more than 20 years. Fifteen percent report they intend to move from Minnetonka during the next ten years, while six percent intend to do so during the next five. Fifty-four percent foresee no move during the next 30 years.

Twenty-six percent of the households contain seniors; in fact, 22% of the households are composed exclusively of senior citizens. Thirty-one percent of the households have schoolaged children or preschoolers. The typical Minnetonka adult resident is 48.5 years old. Twenty-three percent are under 35 years old, while 38% are 55 years old or older. Women outnumber men by four percent in the sample. Seventy-nine percent indicate they are "white"; six percent are "African-American"; five percent are "Asian-Pacific Islander"; and four percent are either "Hispanic-Latinx" or "Mixed/Bi-racial". Ninety-four percent report "English" is the only language spoken at home; "Spanish" is spoken in two percent of Minnetonka households.

Seventy-one percent own their present residences. The typical residential property has an approximate value of \$373,500. Nine percent post values of under \$250,000, while 45% estimate values between \$250,000 and \$400,000, 28% state values of between \$400,000 and \$600,000, and nine percent estimate the value of their residential property is over \$600,000. No one thinks the value of their home decreased during the past year; fifty percent see an increase in their home value. Twenty-six percent live in Ward One, while 25% each reside in Wards Two or Three, and 24% live in Ward Four.

#### Quality of Life Issues

Fifty-five percent of the city, a drop of eight percent in one year, rate their quality of life as "excellent", while another 44% rate it as "good", an increase of seven percent since the 2020 study. A small two percent rate their quality of life as "only fair".

"Friendly people" is the most liked aspect of the community, posted by 16% of the sample, as well as double the 2020 level. Following closely behind are "quiet", at 15%, "safety" or "Lake Minnetonka", each at 15%, and "schools" at 12%. "Trees and nature" are posted by seven percent.

A remarkably high 33%, up seven percent in one year, report there is "nothing" they like least about living in the community. Four issues emerge at moderate or low level of concern: "high taxes", again at 18%, "lack of sidewalks" at seven percent, "no diversity" at 6%, and "traffic congestion" or "too much development", each at five percent. Among the small subgroup

posting "no diversity", six percent of the overall sample, 50% suggest "the city should address affordable housing".

If they were to describe the city of Minnetonka to a friend or relative, 17%, down eight percent in one year, would point to "welcoming/friendly", 14% would cite "quiet and peaceful", 12% would say "safe", nine percent would point to "nature/beauty", and eight percent would mention "parks and trails".

A comparatively large 64% report "daily" or "a few times a week" contact with their neighbors. Thirty percent say they have contact either "once a week" or "a few times a month". Only six percent indicate "once a month" or "less often" contact. Eighty-seven percent feel comfortable discussing neighborhood problems with their neighbors; twelve percent do not. An exceptionally large 68% rate Minnetonka as "very welcoming"; twenty-eight percent rate the community as "somewhat welcoming". Only four percent rate the city as "not too welcoming" or "not at all welcoming", pointing to its lack of welcoming of all people of color.

Ninety-four percent rate the city of Minnetonka as "excellent" or "good" in treating all residents with respect; three percent rate it lower. Ninety-three percent rate the city as "excellent" or "good" in creating a welcoming community to residents of all backgrounds; six percent rate it as "only fair" or "poor". Eighty-seven percent positively rate the city in treating all residents fairly; four percent negatively rate it. Eighty-six percent highly rate the City of Minnetonka in providing services to residents of all backgrounds; three percent rate the city lower. Sixty-two percent believe creating a diverse, inclusive, and fair community should be a "high priority" or "moderate priority". Thirty-five percent see it as a "low priority" or "not a priority at all."

THE MORRIS LEATHERMAN COMPANY 3128 Dean Court Minneapolis, Minnesota 55416

City of Minnetonka 2021 Residential Study FINAL APRIL 2021

Hello, I'm \_\_\_\_\_ of the Morris Leatherman Company, a polling firm located in Minneapolis. We've been retained by the City of Minnetonka to speak with a random sample of residents about issues facing the city. Even in this difficult time with COVID and its impact on the community, city representatives and staff need your opinions and suggestions about city's future and current city services and offerings. I want to assure you that all individual responses will be held strictly confidential; only summaries of the entire sample will be reported. (DO NOT PAUSE)

1.	Approximately how many years have you lived in Minnetonka?	LESS THAN ONE YEAR3% ONE TO TWO YEARS9% THREE TO FIVE YEARS14% SIX TO TEN YEARS27% ELEVEN - TWENTY YEARS.23% OVER TWENTY YEARS25% DON'T KNOW/REFUSED0%
